

## Outback Circuit Verification

Step 1

Step 1 Select Menu

Step 2 Select Owner Settings

Step 3 Enter Password 1132

Step 4 Select Overrides

Step 5 Select Set Circuit Levels

Step 6 Highlight over "ALL CIRCUITS" and press the right arrow until it says 100%

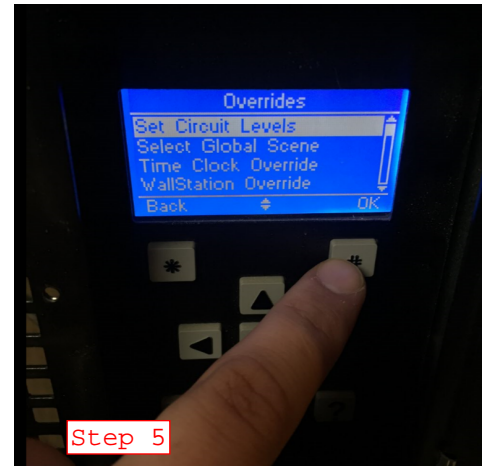

Step 7 Scroll up or down to desired circuit and press the right arrow until it says "FLASH"

The lights wired to that circuit will flash on and off allowing you to make sure the correct lights are wired to the circuit per plan.

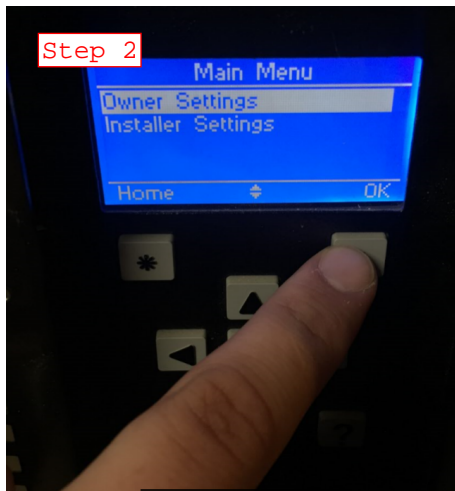

Once complete - Press the "House" shaped button to go back to the main menu.
